

Closing Branch Review – Part 1 Radcliffe

This branch will close on 28th May 2019

Background

We continue to respond to our customers' changing needs. We now have almost 14 million of our customers accessing services through Online Banking and almost 10 million mobile customers. Branches will remain vital in meeting customers' needs but we must continually review our network to make sure we have branches in locations where customers need and use them the most.

Our decision

Following a careful review, Radcliffe branch will close on 28th May 2019. We have made the difficult decision to close this branch because customers are using it less often. In addition the majority of customers are also using alternative ways to bank.

How we made our closure decision

When we close a branch we complete a detailed impact analysis which will include:

- How customers are choosing to bank with us.
- How often customers use the branch and how that usage is changing.
- Current services available in the branch and the branch opening hours.
- Assessment and check of alternative ways to bank including their proximity and accessibility. This is confirmed by a visit.
- Assessment of public transport, availability and frequency.
- Impact on our customers including those who may need additional support.

What this means for you

You can continue to use any other Halifax branch and the nearest alternative is Prestwich branch.

This document includes a summary of our review and provides details of alternative ways to access banking.
